ArcStar KBM Petrol Kohler Engine Driven Welder Generator

The **ArcStar KBM Petrol Welder Generator** is the perfect low cost welder generator for mobile welders, great for working from a van or in a field, such as in on-the-go site-work or agricultural repairs. Featuring a modern, robust design, this generator is built with a Kohler CH440 (Stage 5) 4-Stoke / Air cooled Petrol engine with a 6.1 litre capacity.

With 3000rpm, this generator is able to deliver 11.1HP / 8.2kW (Stand-by) of output power. Fitted with two 16 amp plugs in 110V & 230V for running a variety of power tools, such as angle grinders. Also able to run lamps and other on-site lighting while in use.

The ArcStar GW5-200 KBM Petrol Welder Generator is designed for MMA welding (Lead set NOT included), with a duty cycle of 170A @ 60% and an adjustable amperage via a switch and potentiometer dial with a range of 40A – 200A. Built with din sockets to plug your welding leads directly into the machine without the need for an external machine.

Features:

- **Amperage Range:** 40 – 200A
- **Duty Cycle:** 170A @ 60%
- **Output Voltage / Power:** 4500W 230V – 2250W 110V
- **Plugs:** 1 x 16A 230V & 1 X 16A110V
- Switched amperage
- **Engine:** Kohler CH440 petrol

Weight: 99 Kg

Engine:

- **Model:** Kohler CH440 (Stage V)
- **Type/Cooling system:** Petrol OHV 4-stroke/Air
- **Cylinders/displacement:** 1/389 cm3
- **Net power (Stand-by):** 8.2 kW (11.1 HP)
- **Power:** 3000rpm
- **Fuel consumption (welding 60%):** 2.1 l/h
- **Engine oil capacity:** 1.1 litres

Starter: Recoil

General Specifications:

- **Fuel tank capacity:** 6.1 litres
- **Running time (Welding 60%):** 3.5 hours
- **Protection rating:** IP 23
- **Dimensions (LxWxH) :** 870 x 525 x 613
- **Weight (dry):** 97 Kg
